25<sup>th</sup> January 2007 Issue 3

In a previous job, I taught meteorology to A level students: the past couple of weeks would have been a fantastic example of exciting weather conditions to my former students, but it has been quite a frustrating time for Aldronians! The arrival of a mini lake on pitch E - complete with its own geyser - has been an unwelcome excitement and the general muddy sponginess of the playing fields has restricted our football fixtures considerably. sense, though, that the boys have been delighted to see more wintry conditions this week!

In spite of this, it has been a busy start to term. Well done in

David Aston

### <u>Cricket coaching</u>

A group of 36 boys from Aldro and other local schools came to Charterhouse Sports Hall in the week before Christmas for some cricket coaching — ignoring the debacle taking place down under — and had a thoroughly enjoyable time.

Among the coaching staff were Julian Wood, Head of the Cricket Academy at Bradfield College, and Jeremy Frith, who runs the Indoor Centre at Dummer, Hampshire. Both have played for the Minor Counties in recent years.

Through a mixture of net sessions, coaching drills and small-sided games the boys all strove to improve their understanding of the skills and techniques required to play our national summer sport.

A similar course will be held in the Easter holidays, starting on Tuesday 10 April.

# Swimmers impress at the Spectrum

In front of a packed Spectrum the Aldro teams competed against a variety of schools from the Guildford District.

Our U.13 team, captained by William Travers, did well in their individual events and achieved 2nd and 3<sup>rd</sup> places in the medley relay and freestyle relays. Alejo Vila came 3<sup>rd</sup> in the 50m backstroke, Ben Smith came 2<sup>nd</sup> in the breaststroke and William Travers came 3<sup>rd</sup> in the butterfly. They placed 3<sup>rd</sup> overall.

In the U.11 age group the captain Joshua Andrade- Brown swam well in the butterfly to come 2<sup>nd</sup>. Tom Gudgeon came 3<sup>rd</sup> in the freestyle, Sebastian Fomin achieved an excellent 2<sup>nd</sup> place in William the backstroke and Davidson was outstanding winning the breast-stroke. The team came 2<sup>nd</sup> in both relays and placed 2<sup>nd</sup> overall.

The U.10 team were brilliant! They won both the freestyle and medley relays, and achieved excellent results in the individual events. Charlie Tarn came 2<sup>nd</sup> in the breast-stroke, while Adam Bagley and Maxim Smith finished 2<sup>nd</sup> in both the backstroke and freestyle events. Luke Coghlan won the butterfly event in great style.

The U.10 team collected the shield from John Stiven and enjoyed the applause from the spectators and swimmers.

All three teams were a credit to the school.

D.J.Archer

Reserve a night in your diary during the 15<sup>th</sup>-17<sup>th</sup> March to see this year's production — Honk! With such a high quality of auditions, selecting the cast was a not an easy task. Thank you to everyone who auditioned and those taking part.

#### **Cub and Scout Centenary**

2007 is a huge year for Scouting as the movement reaches an impressive 100 years of age.

This summer to celebrate Baden Powell's landmark first camp in 1907, three local scout districts are organising an

activity camp on the first weekend of our summer half term (May 25<sup>th</sup> to 27<sup>th</sup>). Aldro Cubs and Scouts will be proudly attending and attempt to live up to the original ideals and hope of Scout founder, Robert Baden-Powell.

Scouting was based on an inspirational idea, followed by experimentation and effort. Baden-Powell, a national hero due to his successful defense during the Siege of Mafeking of 1899–1900, wanted all

## **LENT TERM DIARY DATES**

boys to have the same resourcefulness, courage and skills as his young Mafeking Cadets, who so bravely fought with him. He wrote a manual to achieve this, entitled *Aids to Scouting (1899)*, but still wasn't able to see if his ideas could be translated in to practical success and change boys' lives for the better.

Hence the start of the Brownsea Island Scout Camp, which ran from August 1 to August 8, 1907, attended by 20 boys from different social backgrounds Etonian to the poorest of local boy): a revolutionary idea in class-conscious Edwardian England. The 'Scouting for All' concept was to be seen even then, as the camp fee was dependent on means: £1 for the public school boys, and three shillings and sixpence (17p) for the others. The boys were mixed up and arranged into four "patrols": Wolves, Bulls and Ravens. Curlews

leadership going to the most able, irrespective of class

The camp itself began with a blast from a kudu horn Baden-Powell had captured in the Matabele campaign. Each day began with cocoa, exercises, flag break and prayers, followed by the morning activity and after lunch there was a strict siesta, followed by the afternoon activity and Tea. The day ended with games, supper, campfire yarns and prayers.

Scouting, from this humble experiment, was to spread throughout Great Britain and Ireland, then through the countries of the British Empire and soon to the rest of the world and eventually lead it to be an organisation with many million members. With this in mind we look forward to May and celebrate the pioneering success of that first camp.
